WAIN. MIDGETS "B" TEAM MEET FABYAN SAT. AFTERNOON

On Saturday afternoon last the Wainwright Midgets "B" team met and defeated Fabyan's hockey team to a score of 2-1 with Wainwright scoring the two goals in the first period. Alvin Jardine made the first goal unsisted after a few minutes play. Then soon after the face-off the second goal was scored by Johnny Stinert assisted by Leonard Caron.

Fabyan made their goal in the second period. T. Pytel getting credit for a very fine shot which the goalie had no possible chance of stopping.

Both teams played very good hockey with play being even throughout. A credit to both teams was the absence of penalties to either side throughout the entire game.

Wainwright's goals were scored by Alvin Jardine and Johnny Stinert. Fabyan's goal was scored by T. Pytel. The one thing sadly lacking at these games is supporters, so come on Wainwright get behind your own youngsters.

Here are the line-ups including subs:

FABYAN—A. Roth, A. Ploker, R. Ploker, T. Pytel, C. Steele, K. Steele, Vic Smith, Jerry Smith, Marchand, Ed. Sweeney, G. Darling, Lyle Avison.

WAINWRIGHT 47 CLUB

VS WETASKIWIN

On Friday and Saturday, January 24th and 25th, two very good hockey games were played between the Wainwright 47 club and the Wetaskiwin team. The first game for the first game was Wetaskiwin 6, 47th Club 1. The best part of the game was considered to be the 3rd period, when the local boys showed a burst of speed and really got down to playing hockey.

The second game (the better of the two) ended with the score of 5 to 2 for Wetaskiwin. Both teams played a wonderful game on Saturday night, but anyone who witnessed either of the games must admit that it was an evening well spent.

The next games are scheduled for Thursday at 8:00 p.m. against Siga and Sunday at 2:30 p.m. against Viking. Plan to attend these games!

In order to pay their expenses the team has placed a small charge for admission, so let's not have too many people looking over the boards. Come in and support the home town team.

On motion of Councillor Robinson, that the communication received from the Old Age Pensions Board, relative to Peter Shewchuk, be received and filed.

Mr. George Gregson, acting a delegation from the Local Branch of the Canadian Legion, headed forth plans and requesting Council for financial assistance in the erecting of a suitable plaque on the Memorial Tower in memory of our noble boys.

On motion of Councillor Robinson that the letter from the University Hospital, re Mrs. Helen Gaudet, be filed pending further information.

On motion of Councillor Coleman, that Dr. J. G. Middleton be appointed delegate to the Annual Meeting of the Alberta Branch, Canadian Cancer Society, to be held in the City of Calgary on Wednesday, February 13th, 1947.

On motion of Councillor Tury that the letter from the Secretary of the Wainwright and District Board of Trade, relative to condition of Highway 14, be received and the Town Secretary be instructed to draft a letter in support of same and mail copies to The Minister of Public Works and to Mr. Wm. Mason, our Provincial Member.

On motion of Councillor Coleman, that the Secretary be instructed to have a further \$15,000.00 of fire insurance placed on Town Hall Building.

On motion of Councillor Robinson, that the Financial Statement of the Town of Wainwright, for the year ending December 31st, 1946, as submitted by Patrizius, Duncan, McClary, McClary and King, Chartered Accountants, and bearing date of January 17th, 1947, be accepted by Council and ordered filed with Town Records.

On motion Council was regularly adjourned.

The estimated cost of the plans (bare structure), as drawn up by Mr. Bury is \$25,000.00. This would leave a balance of three thousand dollars to be raised by other organizations to the addition of the ten thousand dollars promised by the town.

Mr. John Mitchell and Mr. P. Armshaw very ably handled the discussions in regards to the plans, cost of building, gravelling, excavating, and points to be considered in choosing of site.

When the election of officers was called for Mr. Lorne Mitchell nominated Dr. H. C. Wallace for President, and in doing so spoke of his long residence in the community, his evident long interest in sport, and his very keen interest in the Peace Memorial Centre. This nomination was carried by a unanimous vote and very generous applause.

In the course of the elections the following were elected to office: Vice President—Mr. Lorne Mitchell. Secretary—Mrs. Ruby M. Conroy. Treasurer—Mr. Lewis Tury.

Directors: Mr. T. Lismore, Mrs. William Harley, Mr. F. E. McLeod, Mr. R. Morrison, Mr. P. Armshaw, Mr. John Mitchell, Dr. J. E. Bradley, Mrs. Lewis Tury, Mrs. J. Perkins.

As it is hoped that this year will see a commencement of this project, it is hoped that efforts will be made to realize the additional three thousand so that we may soon have this valuable addition to our community.

At the close of the meeting lunch was served in the paragon.

W. J. WHELEEN, Pastor

PELICAN

Business Convention news seems to be all the news these days. Station Murray from Pelican and Bruce Gordon from Prospect attended the A.F.U. Convention in Edmonton. When it was decided that the Constitution as drafted was unworkable, they did their bit toward the drafting of the substitute resolution which favored the union of the direct farmer-membership of the U.F.A. and A.F.U. separate from the commercial co-operative membership. It was a strenuous week of debate and each held a long and interesting report to give their respective locals.

Lena Belk and Ruth Murray attended the U.F.A. and U.F.W.A. Convention in Calgary the following week, accompanied by Mrs. Warnock and Mrs. H. Scott of Sunnyside and Browning Local. To us, as new delegates, it was a wonderful educational experience and a real eye-opener as to the breadth and scope of U.F.A. interests and activities, and the unparalleled training ground for leadership in all Alberta fields of endeavor.

The Battle River Constituency was honored in having Mrs. W. C. Taylor our past U.F.W.A. Director, promoted to the Second Vice-Presidency, and Mr. A. B. Wood of Dewberry, our past U.F.A. director, promoted to the Vice Presidency of the U.F.A. George Finlay of Durnish, North of Lloydminster is Vice President of the Junior U.F.A. Mr. H. E. Spencer of McCafferty is the new U.F.A. Director for Battle River and Ruth Murray of Pelican the U.F.W.A. director for the same district.

Pelican Local A.F.U. held a meeting at the school on Sunday, January 18. Officers re-elected were: W. H. Wilkinson, President; E. S. Murray, Secretary and Mrs. B. Belk, Treasurer. H. Moeng was elected Vice President. Directors are Mike Belk, Norman Pickard and Ralph Wilkinson. Stanton Murray gave his delegates report of the convention which will be concluded at the next meeting on February 9. So far some 20 members have joined up for the coming year.

On Thursday afternoon, Pelican U.F.W.A. met at the home of Mrs. H. Moeng for their annual meeting. Eleven members and one visitor were present. Officers elected for next year are: President—Mrs. P. Belk; Vice President—Mrs. O. Haugen; Sec. Treas.—Mrs. M. Belk.

Lena Belk gave a most interesting delegates report of the convention and Ruth Murray reported on the meeting of the Board of Directors which followed the Convention. Nine members joined up again. Next meeting will be at Laura Belanger's at 2 p.m. on February 20.

Pelican U.F.W.A. staged a whist drive and dance at Pelican on Friday last. Prize winners were: Jeannette Cornfield, Annie Moeng and Marton Dalby; Mike Belk, John Shaver and Dave Young. The dance was well attended and a very good time is reported.

With 12 ratepayers in attendance. The topic under discussion being the procuring of a school teacher, having had a correspondent course for three years.

We are glad to hear Mrs. Marvin Plaxton is so much improved in health and hope she will soon be home again.

This coming year will fix the shape of many years to come.

REMEMBER THE ANNUAL MEETING

Citizens, remember the annual meeting of the Town of Wainwright on Friday, January 31st, at 8:00 p.m. at the Town Hall. It's your meeting to hear the reports of the town affairs for the past year. Any question as to past or future policies regarding the affairs of the town will receive prompt answering.

There has been a tendency on the part of the ratepayers in former years to pass off the annual meeting as just another meeting. It is certainly not just another meeting, it is your meeting. You, and you alone, can remedy any wrong that has been done in the past year. You, and you alone, can praise any right that has also been done.

The financial statement of the town, as it appears in this issue, shows the town to be in a healthy state. The budgeting has been perfect, there is a small carry over, or surplus, but can you think of a better fault? The work involved in running a town the size of Wainwright is tremendous. The councillors have worked hard. If you think they have not done as good as they should it is your privilege in a democratic country to tell them so on election day. They were your choice at the polls last election day. It is up to you to support them now by being among those present this Friday night.

THREE CHEERS

The announcement carried in last week's daily papers regarding the provincial government's proposal to spend nine and a half million dollars on roads this year is one piece of news that is welcome to all.

During the war years the road network in Alberta was allowed to deteriorate and fall into a general hodgepodge of roads urgently needing repair. Evidence of this statement is only to be found on our own highway No. 14.

Since the war ended the big wigs on Provincial Hill have noticed that Alberta has been missing one of the chances of a life time in not promoting the tourist industry. They have found that this industry can be worked into one of the largest, if not the largest, in financial aspects.

With the dawn of this new era all that is needed to complete this promotion is a system of highways second to none. With this thought in mind, they have taken the initial step in promoting good roads. Just how much this will affect Wainwright or highway No. 14 we do not know, but we have every reason to believe that highway 14 will receive some long past due attention this year.

The Wainwright Board of Trade have stressed the need for more attention to No. 14 for some years past, and in all probability the toll that has gone before will bear fruit this summer. We hope so.

A STEP IN THE RIGHT DIRECTION

There has been a lot said lately regarding the proposed compulsory car insurance act for Alberta. This topic will be up for discussion next month when the Provincial Legislature meets, and no doubt it will receive quite a going over. The latest groups to bring to the attention of the Government this urgency are the A.F.U. and U.F.A. who recently held their annual convention.

During the past two years our sister provinces of Saskatchewan and Manitoba have adopted something of a compulsory insurance plan and are finding it works very well. Both plans are different but work toward the same goal, protection for motorist and pedestrian alike.

The statement that half the motor vehicles operating on the roads of the province today are inadequately covered by insurance is a rather chilling one, especially in view of the fact that many are old model cars and are not in the best of mechanical condition. There might happen to be a few car owners who could assume the financial responsibility of an auto accident, but the great majority of cases would not vouch for such a statement.

Various plans of insurance are in use in the world today, some being better than others. For example, the Saskatchewan plan is to assess each car owner an extra five dollars on the license plates and an extra one dollar on the drivers license to be earmarked for a fund to provide personal injury insurance.

In Manitoba it is another story. Every motorist is assessed one dollar per year to provide for an unsatisfied judgement fund. Then if an uninsured motorist is involved in an accident and judgement is brought against him and he is unable to pay the damages the fund will take care of this. The one thing is, that until the motorist is able to pay for the damage done in an accident his car is impounded and he is prevented from driving in that province until he is able to do so. The fund is only created to pay judgements up to \$5,000.

Our opinion of a better plan to put into operation in Alberta, after studying the other provinces plan, would be not to issue license plates for any vehicle until it was proven there was adequate insurance on that vehicle. In this way the owner of the vehicle could be at liberty to choose the insurance agent or company he wished to deal with and also would not be obligated to an extra charge that the government would take.

In Saskatchewan the driver has no choice but to do business with the government insurance office—a fact that this paper is opposed to in every way, shape or form. When any government or body will try to enforce and regiment people to do their business with them we are right then and there losing one of the freedoms that have been well preserved in this country.

The weakness in Manitoba, as we see it, is the extra levy which would be unnecessary under the scheme we outlined for Alberta. Why this \$1.00 for a fund that is only to be used by carefree or willing to take a chance motorists. Remember that the fellow who has always had insurance on his car ever since cars were common, is also obliged to pay into this fund. A situation that is not quite fair.

Again we repeat that if Alberta is to institute a system of compulsory car insurance, we think the best scheme would be to withhold the issuance of license plates until such time that an insurance policy was shown. There is little fear that fly by night insurance companies would spring up because these are all under government supervision.

However any step in Compulsory Car Insurance is a step in the right direction and it is a plan that should be adopted in Alberta without delay.

DRAMA CLUB GROWS

CJCA's Drama Club is really going places—so much so in fact that reorganization was deemed necessary to absorb all activities and to categorize the personnel according to ability.

Three years ago Doug Homarham of CJCA's Production staff organized the group along very modest lines. The handful of enthusiastic dramatists and dramatists-to-be stuck to it through thick and thin until they were rewarded with a regular weekly spot on CJCA's program schedule.

During the past two summer seasons they have hit the CBC Trans-Canada network on several occasions. The most recent was a series of 12 weekly quarter-hour dramas which concluded in December.

As the group gained experience, it gained popularity, with the result that its membership grew to such proportions that re-organization was found necessary.

Today, the radio drama group consisting of experienced talent continues its activities under Doug Homarham's direction.

Marguerite (Mickey) Macdonald, prominent dramatist who enjoyed outstanding success on Broadway, is in charge of an enthusiastic group of novices. In six months this hard-working group hopes to graduate into the field of radio drama, for at that time a board of adjudicators will determine the results.

With the recent re-organization the CJCA Drama Club has come into its own as a full-fledged organization contributing generously to Canadian culture.

COOKING EXPERT

Bustella Langdon, CBC home cooking consultant, who will conduct the 1947 season of "Cooking School of the Air," Mrs. Langdon's weekly radio recipes for good food and tasty dishes will be heard on Mondays at 3:48 p.m. over the CBC Trans-Canada network.

DEEP BREATHING

Auditors' Report

January 17, 1947

To the Mayor and Council,
Town of Wainwright,
Wainwright, Alberta.

Gentlemen:

We present herewith Financial Statements of the Town of Wainwright for the year ended December 31, 1946. We have audited the accounts of the Town of Wainwright for the year 1946 and have found all receipts properly deposited and all payments properly authorized and in order. We have found all records well and properly kept.

The \$600.00 proceeds from the sale of the Fire Department truck has been credited to revenue as this item was fully depreciated several years ago. It is proposed to write 10% per annum from off the cost of the new truck.

Your attention is called to the fact that replacement cost of your Town Hall would in event of total loss be more than double the amount of the insurance carried which is \$17,000.00.

All required information has been readily available.

We shall be pleased to supply any further information desired at any time.

All of which is respectfully submitted.

Hints for the Household

SUGAR SAVING
It has been a good year in the orchard and garden. Now the ground is snow-covered and the sleeping trees make a lacy pattern against the cold blue sky. There are constant reminders of the warmth and plenty of summer in the cellars and store rooms of the homes across the country.

Store rooms are well filled with canned fruit and vegetables and in the cellar bins of root vegetables and barrels of apples are ready for winter menus.
For the first time in three years the homemaker need not hesitate in planning desserts for apples can be used in so many ways. There may appear to be a catch in the situation. Apples do require more sugar but the home economists of the Consumer Section of the Dominion Department of Agriculture have devised recipes for dishes which taste good and use a minimum amount of sugar. None of the desserts require more than 1/4 cup of sugar for six servings. This includes a number of excellent apple recipes.

The bulletin called "SUGAR SAVERS", has been revised and may be obtained free of charge from the Publicity and Extension Division, Dominion Department of Agriculture. Here are some of the apple desserts.

GINGER APPLE UPSIDE-DOWN CAKE
3 tablespoons butter
1/3 cup brown sugar
3 apples
1/4 cup shortening
3 tablespoons white sugar
1 egg
1/3 cup molasses
1 cup pastry flour OR 1 cup less 2 tablespoons all-purpose flour
1 teaspoon baking powder
1/4 teaspoon soda
1/4 teaspoon salt
1/4 teaspoon ginger
1/4 teaspoon cinnamon
1/3 cup boiling water
Melt the 3 tablespoons butter in baking dish. Add brown sugar and cook together for 2 or 3 minutes. Pare and core apples. Cut each apple in half to make two thick rings. Arrange rings of apples in butter and sugar mixture. Cream shortening and sugar together. Add well-beaten egg and molasses. Beat thoroughly. Sift dry ingredients and add to mixture. Lastly add boiling

water, mixing quickly. Pour over apples in baking dish and bake in a moderately slow oven, 325°F., approximately 40 minutes or until done. Six servings.

BUTTERSCOTCH APPLE PIE
1/4 cup brown sugar
6-8 medium apples
3 tablespoons brown sugar
2 tablespoons shortening (half butter)
3 tablespoons flour
1 cup milk
1 deep, uncooked 9-inch pie shell
Sprinkle the 1/4 cup brown sugar over the bottom of the uncooked pie shell. Peel apples and slice thinly, fill the pie shell, heaping apples lightly in the centre. Cream the 3 tablespoons brown sugar with the shortening and the flour until well blended. Crumble the mixture over the top of the apples. Pour the milk into the pie and bake in a hot oven, 400°F., until top is brown and apples are tender, about 45 minutes. Cool and serve. Makes 1 deep 9-inch pie.

SULFA DRUGS FOR AMERICAN FOULBROOD

Every beekeeper in Canada fears that some time his colonies may contract the disease known as American Foulbrood. This fear is based on the fact that American Foulbrood is so difficult to control that legislation requires the destruction of the colony and the burning of the exposed equipment wherever the disease is found, says W. A. Stephen, Bee Division, Central Experimental Farm, Ottawa.

While American Foulbrood has caused the loss of many colonies and much equipment, it has also made good beekeepers, because it has caused them to be alert to what is going on in the hive.

Frequently a treatment for American Foulbrood has been proposed by scientific workers who have proved it effective. Unfortunately, when the recommended treatment has been applied by the beekeeper something has gone wrong and the disease went uncontrolled. Consequently scientists have to be very careful in recommending any particular treatment for bee diseases. Now, when it appears that an easy method of treatment is at hand, they are waiting to see the results of practical applications of a drug for the control of American Foulbrood.

Every beekeeper is aware of the heralded success of controlling American Foulbrood simply by feeding the diseased colony sulfa-thiazole dissolved in sugar syrup at the rate of one-half gram tablet to one gallon of syrup. Experiments carried on at the Bee Division, Central Experimental Farm, Ottawa, substantiate the claims made. Colonies polluted with disease were able to raise healthy brood in combs which previously contained many diseased cells. Other colonies treated soon after infection were able to clean up all signs of the disease. The amount of medicated syrup needed per colony varied with the degree of infection.

EDUCATION TO BE DEBATED

All the signs are pointing to a big debate on Education while the Legislature is sitting. And all the signs indicate that the Minister of Education will tell us there is not enough money to give the school children a fair break.

Without criticizing anybody's personal tastes, I think it fair to report that the people of Alberta can find \$30,000,000 a year to pay for hard liquor, wines, beer and permits in a single year. According to the Alberta Educational Council they can find something like \$18,000,000 a year to pay for cigars, cigarettes and tobacco. So far they can only find \$14,000,000 to spend on educating their children.

It does not make sense. The Minister can give us almost any argument he likes about the colleges of education, but we ask him please not to tell us again that we haven't the money.

Following the Finance Minister's recent announcement on the removal of consumer credit regulations, the Wartime Prices and Trade Board announced the revocation of the consumer credit order specifying these regulations, effective January 13. This step now removes the restrictions on credit buying such as the size of down payments and the length of credit period.

Good News For MOTORISTS

One of Alberta's greatest needs is good roads.

The recently announced outline of a \$9,500,000 Highway Construction Program for the Province in 1947 is good news indeed to motorists, and indeed to everyone in Alberta, including farmers, transportation companies and business men generally.

The A.M.A. heartily endorses this program. It is a step towards the system of all-weather highways that Alberta needs, and that the A.M.A. has consistently advocated.

This old peasant, his farm devastated by the Japanese, is too weak to work. His diet for months has been grass and roots. Of China's people, 83 per cent. are farmers. Millions are in urgent need of food, clothes, medical supplies. UNRRA's work is ending; voluntary agencies must carry on. Canada must do her share. Will YOU help? NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. J. A. MacKenzie of Wainwright at the Wainwright municipal hospital on January 28th, a girl.
BORN—To Mr. and Mrs. R. R. Rynall of Chauvin at the Wainwright municipal hospital on January 28th, a boy.

The sponsored advertisement that appeared in the Edmonton papers last week publicizing Highway No. 14, and especially Tofield, Holden, Viking and Wainwright, was a very nice bit of publicity for the district. It brought home a fact that the Board of Trade has been trying to promote for sometime. In the old days of ox carts, etc., Fort Edmonton to North Battleford via this route was the most direct and best. This is a fact that is known today and all that is needed to fulfill this is the linking up of Highway 14 with the Saskatchewan boundary at Marsden. Pressure must be brought to bear with this in mind.

Mr. Walter Kingwood returned home after a trip to Chicago, U.S.A., after visiting his father and two sisters who reside there. Also stopping over at Toronto, Ontario, on his return trip.

Mrs. E. J. Cameron of Travers, Alberta, who is a sister of Mrs. Watta, is a guest at the home of Mr. and Mrs. F. W. Watta.

Mr. Ralph Sodergren met Saturdays train to greet his English wife, who arrived in Wainwright that day. They are guests at the home of Ralph's sister and brother-in-law, Mr. and Mrs. F. Wright, and are returning to Edmonton where Ralph has secured employment.

Mr. and Mrs. Harold Everett motored to the city for a few days last week, they were accompanied by Mrs. J. Peacock and Mrs. A. Woods.

Mrs. Snyder returned home last week after spending a short holiday visiting with her daughter Mrs. Don Stevens and family in Calgary.

Mrs. M. Harrison and Mrs. Robt. Armstrong spent the week-end visiting in Edmonton.

Mr. and Mrs. Frank Dixon left on Thursday for Vancouver and from there plan to proceed to Tacoma, Wash., to spend a two month holiday visiting relatives at various points.

The Board members and executive of the Wainwright Hospital Board journeyed to Ponoka at the week-end to visit and inspect the new municipal hospital there and report they were favorably impressed by it.

January 20, 1947

To The Editor,
Wainwright Star.

Sir:
From reports going around it
seems as if the Board of Trade have
definitely come out in favor of a per-
manent military camp at Wain-
wright park. To many of your read-
ers it is perhaps a surprise to know
that for the past five or six years a
movement by the farm organizations
of the surrounding district to have
the park and surrounding open land
formed into a Community pasture
has been going on. From the result
of the first resolution sent to the
various departments three reasons
were given by the Federal govern-
ment why they were unable to com-
ply with the request.

1. That until such time as there was
no more danger of contamination of
livestock through liver flukes and
T.B. nothing could be done.
2. That as soon as the Federal govern-
ment have no more use of the park
area it will have to be turned
over to the Provincial government
who own the natural resources of the
province.

3. That there was no agreement be-
tween the Federal government and
the province whereby the P.F.R.A.
could operate as in Saskatchewan.

In the meantime the necessity of
war brought about the taking over
of the Park area as a necessary war
measure in order to train Army per-
sonnel. The days of the town being
flooded with troops and the farmers
being unable to buy the groceries
etc., needed to carry on their own
war effort are still vivid memories.

Not to mention the fine roads left by
the trucks, jeeps, etc., for which the
taxpayers of the M.D. will have to
make good as any compensation re-
quired was a mere drop in the buck-
et to the total damage done. As it
seems to be strictly a financial propo-
sition let us examine the two pro-
jects for what they are worth.

The military, from any reports that I
have read or heard on the radio this
week will not be a year round camp
but will be used as a training camp
probably twice a year as for instance
a number of reserve personnel con-
siderably less than 500 will be here
for around 14 days to be followed by
a small contingent of American
troops for about the same period. In
dollars and cents certain businesses
in town may flourish but will there
be any stable economy to the town
through a fluctuating population?

What effect would a community
pasture have on the Wainwright dis-
trict? It is seldom one picks up a
Farm Journal or even the Star that
one does not find something about

the word erosion. Soil erosion is
causing so much concern amongst
leading agricultural experts today
that whether the average citizen re-
alizes it or not something will have
to be done. Everyone seems to be
agreed that the sowing of grass and
legumes is the best way to hold the
soil and build up fibre which is nec-
essary to combat wind and water
erosion. This will mean a switch
from the grain farming to a pro-
gram of general mixed farming. One
of the essentials of which is cattle.
In order to have cattle one must
have summer pasture or range. The
average farm pasture is in such poor
condition that the carrying capacity
is very low, even range close to
water is so poor in this district that
it is having a marked effect on the
growth of animals and the finished
product. With a community pasture
established in the Park and adjacent
open lands, the opportunity to keep
cattle and sheep would be greatly
improved. Many farmers would have
a greater feeling of security, and
would be willing to embark on a pro-
gram of mixed farming. Just
what the carrying capacity of the
total area would be I am not in a
position to say, but for example let
us say 450 head of which 1500 head
would be marketed each year. The
need would then arise for commu-
nity auction sales such as are becom-
ing very popular in the south, and
even are held at Cadogan and Viking
with marked success and in-
creased prices to the producers
through diversification farming, and
the building up of our land where
we will not worry if high winds and
dry weather come again over a pe-
riod of years.

Yours truly,

R. C. HESSET,
Wainwright
